Standard Agriculture Icons Full Version Free

Standard Agriculture Icons is a set of icons that was created for applications dealing with virtually any aspect of typical agricultural activities and most general agriculture-related notions. It covers a broad spectrum of topics - from creating a farm's infrastructure to cattle breeding and selection, from employees to transportation, from feeding to vet services - and offers an impressive level of quality and detail. These icons can be used for desktop, Intranet and Internet applications of all kinds. If you are a developer working on a complex solution for the agricultural industry, or a relatively small Intranet application, or a website of an agricultural company, you will need to reflect the essence of the business in your design for better navigation and improved usability. If drawing calves and farmers is not exactly what you do best of all, entrust this into the hands of professionals and take a closer look at Standard Agriculture Icons! Standard Agriculture Icons is a comprehensive set of professionally-drawn icons related to everything agricultural - farming, animals, cattle, breeding, trading, veterinary care, measurements, production, accounting, agricultural infrastructure, transportation and more. Each of these icons was created with great attention

to detail and will satisfy the needs of the most demanding users. Each icon is available in a variety of sizes - 16x16, 20x20, 24x24, 32x32, 48x48, 128xx256 pixels - and colors - 256 and True Color versions are available. All this makes it possible to use the icons anywhere in your application - from a splash screen to menu items. The images in the set are provided in ICO, PNG, GIF and BMP formats, which saves you the trouble of having to convert them on your own. And if you still want to add your own touch to any of the icons, use the included vector source files in the Adobe Illustrator format! Tags: Agriculture Vector Icons, Standard Agriculture Icons,... Pumping Snakes is a set of icons that was created for applications dealing with virtually any aspect of the agriculture industry. It covers a broad spectrum of topics - from creating a farm's infrastructure to cattle breeding and selection, from employees to transportation, from feeding to veterinarian services, from measurements to production, from accounting to agricultural infrastructure, from transportation to trading and more. If you are a developer working on a complex solution for the agricultural industry, or a relatively small Intranet application, or a website of an agricultural company, you will need to reflect the essence of the business in your b7e8fdf5c8

Standard Agriculture Icons

- 256 Color version (True Color) - Supports transparency - Vector source files (Adobe Illustrator EPS format) - PNG, GIF, BMP, ICO files - Production: Animated (5-15 sec., 25fps) - Created and edited by VisualEssence A set of 7 AI, PNG icons designed by visualessence.com.
