By now we have all come across these popular tv shows, magazines and publications that advertise Subliminal messages in videos or images and claim that we will gain success and prosperity through them. So how do they work exactly? Do they really have any effect? In brief, subliminal messages are intended to work subconsciously rather than consciously. This means that you will not usually register the message so you will not be aware of them. The impact of them is then to get the mind to believe that your dreams have already come true and that you are going to manifest everything you want. How can they do this? You may see the images or videos in magazines or on the TV but you are not going to pay them much attention since you will think of other more important things. How can you communicate with your subconscious? In the example above a favourite song will encourage you to think of your home or your car or a good thing you have had or would like to have, however it will not be obvious
