AutoCAD Crack +

AutoCAD Serial Key is available for a variety of platforms. It is designed to operate on macOS, Windows and Linux systems. It also runs on iOS and Android devices. As of April 2019, versions of AutoCAD are available for all the major operating systems. It is distributed as freeware on a limited number of platforms. In April 2019, AutoCAD software was released for Chromebooks. AutoCAD is bundled with other commercial applications such as AutoCAD LT, Autodesk 360, Inventor, and other product packages. AutoCAD is a component of Autodesk Lifecycle Services, Autodesk Performance Management, Autodesk Sync, Autodesk Rendition Cloud, Autodesk Technology Network, Autodesk Data Management, and Autodesk Designer Cloud. AutoCAD runs on Windows, macOS, Linux, iOS, Android, and ChromeOS. The app is available as freeware on other platforms. History AutoCAD software started as an internal project at the San Rafael, CA, division of Unisys Corp. The first name of the app was Drafting Builder, and it ran on the Unisys ACS/9000 desktop system. Unisys originally filed for a trademark on "Drafting Builder" in April 1983. Although Unisys was acquired by Autodesk on June 26, 1999, AutoCAD was not brought into Autodesk until 1999. The AutoCAD name was launched by Autodesk to promote the software on the App Store on July 23, 2012. The app was an early success, launching to number one in the iOS App Store. AutoCAD also launched on Google Play, and it has been among the top paid apps on Google Play. The app was also launched for Android on February 14, 2013. The AutoCAD mobile apps, AutoCAD 360 and AutoCAD LT, were developed as part of Autodesk Mobile App Studio. Autodesk mobile apps were the first app portfolio designed to integrate a mobile app portfolio with the Autodesk Autopilot platform. The portfolio was launched in 2013. AutoCAD LT was launched on May 15, 2013. AutoCAD 360 was launched on October 16, 2013, and it was initially only available to users in the United States. The first AutoCAD mobile app for Android was released on May 28, 2017, although the Android AutoCAD app was not available on the
