Slash Slash Deluxe Edition Bonus CD (2010).rar

Porterhouse records is proud to release this limited edition, specially packaged 2cd digibook -'Slash Slash Deluxe Edition'. This is a reissue of the 2010 tribute album "Slash Slash Deluxe" in which 32 major rock artists, hailed as the "masters of rock 'n' roll" pay homage to one of the greatest rock bands of all time, the 'Eagles'! We are really proud to announce that

you will be able to purchase this limited edition in the very next weeks! Content: You have not heard the whole story of Slash. All the interview, plus an exclusive interview with Jeff. It was a long time ago and now it's official. There are a few tapes missing due to peoples failure to record them. In the 1960s the two friends Axl Rose and Saul Hudson, South African emigrants, met in Los Angeles to study art. They shared a love of British

motorbike rock 'n' roll, blues, jazz, soul and country music, which inspired them to learn to play guitar and with encouragement from their friend Van Halen and M.G. Richards began to play in LA clubs. In 1981 they formed a punk rock band together called The Daredevils with singer Phil Lewis and guitarist Stephen Marcus. The band ended a few years later after the departure of Phil Lewis and the addition of bassist Dave Kushner. At the time of

this interview they had been playing together for almost a decade.. American Hard Rock band formed in 1985 in Los Angeles around American singer Axl Rose (William Bill Bailey, 1962) and British guitarist Slash (Saul Hudson, 1965). Their provocative image, their philosophy faithful to the motto sex, drugs and rock and roll and their aggressive lyrics were always a source of scandal in the United States, where voices were raised calling for

their censure. His combination of hard rock and punk was a devastating success: Appetite for Destruction (1987) sold eight million copies in the United States alone. His albums Use Your Illusion I and II (1991) and The Spaghetti Incident (1993) were similarly successful.. 5ec8ef588b
